

## ***Introduction***

The County & City Enterprise Boards are very pleased to once again present this catalogue on behalf of the 55 client companies exhibiting at this year's Shop Exhibition.

The CEB Food Village can be found at the heart of the Shop Exhibition. It contains a myriad of high quality, indigenous Irish producers who have developed a wide range of new and exciting products for the retail market.

Each of these businesses has grown not only with assistance from the Enterprise Boards, but with the support of retailers across the country. Consumer demand for artisan food products and speciality goods has increased dramatically in recent years and these businesses represent the core of meeting this demand.

Whether you are looking for luxury goods, innovative ideas or organic alternatives, I have no doubt that you will find it at the CEB Food Village at Shop.

The national network of County & City Enterprise Boards is proud to showcase each and every one of these client companies and invite you to sample the widest range of products ever under one banner at Shop 2008.
